FROM: Gordon West, WB6NOA
TO: Fellow Amateur Radio Instructors
RE: Free Training Supplies from Manufacturers and
Ham Dealers

Thank you for contacting me regarding the industry HAM
AMBASSADOR program. Enclosed is a contact sheet that
illustrates some of the free materials that manufacturers may
supply to active ham radio instructors.

These supplies are available IN QUANTITY one set per student.
We need about 30 days prior notice for shipping, and I
estimate one PRIORITY MAIL stamp (\$3.50) will cover about 5
students' materials. Please furnish us with your class
announcement so I may send these announcements to the industry
to further support this program.

As an active amateur radio instructor, you qualify for
discounts on ham radio training books, tapes, and software
from the W5YI Group. Contact Larry at 800/669-9594 to become
registered as a HAM AMBASSADOR instructor, and to further
discuss the instructor manual that is available for ordering
my Gordon West books.

You are also encouraged to promote ARRL membership in your
class. You could receive a money spiff for each student who
joins the League, or your students could receive a
complimentary ARRL publication when they sign up in your
classroom. Contact Deborah Jahnke at 860/594-0297 for details
plus complimentary copies of some of the pictured ARRL
materials.

I wish you success with your upcoming class. One Prior Mail
stamp for each 5 sets of materials, and don't forget that
class announcement!

Gordon West, WB6NOA
